1. Meeting Information

Project: University Course Registration & Recommendation System
Date: 2026/09/26
Time: 4:00 pm
Location: South-3,106
Attendees:

Roll	Name	Role
202480090226	Numaier Islam Khan	Leader
202480090104	MD Tasnimul Hasan	Team member
202480090108	Shahedul Alam	Team member
202480090184	MD Zayed Shikder	Team member
202480090200	MD Fahamud Alam Chowdhury Fuad	Team member
202480090222	Abdullah Al Toha	Team member

Meeting Purpose: To discuss the structure of meeting minutes, brainstorming the Course Management System, identify its requirements, and assign follow-up tasks.

2. Agenda

1. Brainstorming the Course Management System.
2. Identifying the core functionalities of the system.
3. Discussing the unique features that can differentiate the system.
4. Preparing a detailed requirement list.
5. Assigning tasks to group members.
6. Planning the next meeting.

3. Discussion

3.1 Course Management System

The group discussed the proposed University Course Registration & Recommendation System and identified several core functionalities.

For Students:

- Search for available courses.
- Select courses according to their requirements.
- View relevant course information.

For Teachers:

- Search for students.
- Find students using their role number.
- Search students by name.
- Search students using a course ID.

The group also discussed adding unique features to make the Course Management System more useful and different from standard course-management systems. These features will be further discussed in future meetings.

3.2 Requirement List

The group discussed the preparation of the system requirement list. It was agreed that the requirement document should contain at least 20–30 requirements.

The format of the requirement list is flexible; however, the requirements should clearly describe the expected functionality and behavior of the system.

4. Decisions Made

1. The project will be developed as a University Course Registration & Recommendation System.
2. Students will be able to search for available courses.
3. Teachers will be able to search for students using role number, name, or course ID.
4. The group will brainstorm additional features for the system.
5. A requirement list containing at least 20–30 entries will be prepared.
6. Each task will be assigned to a responsible group member.
7. A follow-up meeting will be held to review the requirements and discuss additional features.

5. Action Items

Participant	Task	Deadline
Numaier Islam Khan	**Made the draft of meeting minutes**	**2026/09/10**
Shahedul Alam	**Finalizing the draft of meeting minutes**	**2026/09/10**
MD Zayed Shikder	**Documented the requirement list**	**2026/09/10**
MD Tasnimul Hasan	**Analyzed the requirement list**	**2026/09/10**
All Members	**Brainstorm and propose unique/differentiating features for the system**	**Before next meeting**
All Members	**Compile and prepare materials for the next meeting/presentation**	**Before next meeting**

6. Follow-up

The group will meet again after completing the assigned tasks. The next meeting will focus on reviewing the requirement list, discussing additional Course Management System features, and finalizing the project scope.
